PARTIES

3. Plaintiff Danny Montgomery is a resident of Richland County, Ohio, and former employee of Defendant Richland County Engineer.
4. Plaintiff was employed by Defendant Engineer from September 29, 2005, until January 4, 2021, most recently as a Highway Maintenance Worker II.

5. Defendant Richland County Engineer (hereinafter “Engineer”) is a body politic and corporate and an employer as that term is defined by the ADA, Ohio law, and the FMLA.
6. Defendant Sedgwick Claims Management Services, Inc. (hereinafter, “Sedgwick”) is a Tennessee corporation.
7. Defendant Sedgwick is an “employer” as that term is defined by the FMLA because, in this case, Sedgwick is a corporate “person” and an agent who was “working directly or indirectly, in the interest of a covered employer.” Defendant Richland County Engineer.
8. Defendant Engineer delegated to Defendant Sedgwick the power to grant or deny job protected family medical leave to Plaintiff and other employees of Defendant Richland County Engineer.
9. Exhibit A, attached hereto, is a letter from Sedgwick to Plaintiff acknowledging his request for family medical leave and:

10. Exhibit B, attached hereto, is a letter from Sedgwick to Plaintiff approving his request for *job protection* under the family medical leave and advising him that his leave time will be deducted from his FMLA entitlement; and:
 - a. Requiring him to report all absences associated with the approved leave to Sedgwick and his supervisor.

BACKGROUND FACTS:

11. Plaintiff is disabled as that term is defined by the Americans with Disabilities Act (ADA) as he suffers with mental health disabilities.
12. At all times relevant herein, Defendants were aware of Plaintiff's disability.
13. Because of Plaintiff's mental health disabilities, he has been receiving counseling and treatment since 2019.
14. Plaintiff voluntarily sought help for his disabilities following an incident at work and informed Defendant Engineer that he was undergoing counseling.
15. Beginning on August 10, 2020, Plaintiff suffered a "flare-up" of his symptoms.
16. From August 10, 2020, until October 29, 2020, Plaintiff was on an approved family medical leave because he was suffering with symptoms of his disability and was receiving treatment and counseling.
17. Part of the treatment he was receiving was a new medication regime.
18. Because he was suffering extreme symptoms of his disabilities and taking new medication, Plaintiff was unable to perform the functions of his job and was completely incapacitated during his leave.
19. Plaintiff's symptoms included the inability to think rationally and to process information fully and accurately.
20. He was suffering with a lack of sleep, mood swings, stress, and anxiety.
21. On September 23, 2020, Plaintiff received a telephone call from Sedgwick Representative Andrew Cox who was calling regarding Plaintiff's ongoing need for leave of absence.
22. Plaintiff does not clearly remember the phone call, but it was recorded by Cox, who advised Plaintiff he was recording.

23. During the phone call, Plaintiff told Cox about his extreme symptoms, his diagnoses and treatment, including the fact that he was currently undergoing counseling and taking medications to help deal with his issues.
24. Plaintiff mentioned that he had violent thoughts of harming others, including unnamed co-workers.
25. Plaintiff recounted his belief that one of his co-workers had been driving by his house as if to stalk him.
26. Plaintiff talked about having suicidal thoughts.
27. He recounted the harassment he had been suffering at the hands of some of his coworkers.
28. Plaintiff repeatedly stated that he loved his job, that he was a good worker, and wanted to return to work.
29. Plaintiff was rambling and was in the throes of a mental health crisis when he had this conversation.
30. Defendant Sedgwick advised Defendant Engineer about the telephone call on September 23, 2020 and provided Defendant Engineer with a copy of the recording.
31. After the phone call, Plaintiff remained on leave for another month and continued receiving treatment.
32. Plaintiff was released to return to work on October 29, 2020, with a return-to-work date of November 1, 2020.
33. Plaintiff fully expected to return to work and perform his duties without restriction.
34. Plaintiff also expected to continue receiving treatment upon his return to work, including ongoing counseling and medication.

35. Based upon Plaintiff's telephone conversation with Cox, Defendant refused to allow Plaintiff to return to work.
36. On or about October 31, 2020, Defendant Engineer banned Plaintiff from entering on County property.
37. Plaintiff was placed on a paid leave, pending an investigation and a pre-disciplinary hearing.
38. On November 6, 2020, as a mandatory part of the pre-disciplinary process, HR Representative Kelly Christiansen interviewed Plaintiff and asked questions about his mental health disabilities, including questions about Plaintiff's conversations with his therapist.
39. During the investigatory interview, Plaintiff was given a Garrity Warning.
40. On November 9, 2020, Defendant Engineer filed a report with the Richland County Sheriff, provided the Sheriff with the recording of the phone call between Plaintiff and Cox, and alleged that Plaintiff may have engaged in criminal conduct.
41. On December 7, 2020, prior to his pre-disciplinary hearing, Plaintiff, by and through his attorney, contacted Defendant Engineer's attorney and requested accommodation, specifically:
 - a. That the employer forego disciplinary action against Plaintiff arising out of his impaired, off-duty conversation with the Sedgwick Representative; and
 - b. That Plaintiff be granted intermittent leave, as needed, to attend ongoing counseling and/or receive treatment for his disabilities.
42. Plaintiff also offered that he would submit to a second opinion psychiatric examination to allay any of the Engineer's concerns about his fitness for duty.
43. Defendant Engineer declined Plaintiff's request to forego discipline.

44. On December 15, 2020, Plaintiff, through his attorney, submitted a second request for accommodation, specifically, that his mental health disability be considered a mitigating factor when determining what, if any, level of discipline was imposed against him.
45. Upon information and belief, Defendant Engineer declined this request for accommodation.
46. Plaintiff's pre-disciplinary hearing was held on December 18, 2020.
47. During the pre-disciplinary hearing, Christiansen cited the statements Plaintiff made during the phone call as the reason for the proposed discipline.
48. Christiansen did not address the harassment that Plaintiff had been suffering at work.
49. Plaintiff's union representative reiterated that Plaintiff was off-duty and mentally impaired during the phone call.
50. Plaintiff was terminated on January 4, 2021, for "engaging in gross misconduct; failure of good behavior; malfeasance, misfeasance, and violating Article 12 (Health and Safety) of the Collective Bargaining Agreement."
51. Plaintiff filed an EEOC charge against Defendant Engineer on February 7, 2021, alleging disability discrimination and retaliation.
52. Defendant Sedgwick was identified in the charge but was not specifically named as a Respondent.
53. A Notice of Rights letter was issued on March 18, 2021 and served upon Plaintiff's Attorney on April 30, 2021 (attached as Exhibit C).
54. The comments that led to Plaintiff's termination were made while Plaintiff was OFF DUTY and incapacitated.
55. The comments that led to Plaintiff's termination were made by Plaintiff while he was unable to perform the functions of his position.

56. But for the flare-up of his disability, he would not have made the violent and incoherent statements.

57. Defendants were aware of Plaintiff's disability and his need for medical leave prior to September 23, 2020.

58. Terminating Plaintiff under the circumstances described above is akin to disciplining an employee for making outlandish statements while under the influence of pain medication and/or anesthesia.

59. Plaintiff did not pose a safety risk to Defendant Engineer's employees, nor to himself, or to others.

60. By the time he was released to return to work, Plaintiff's symptoms were well under control.

61. Plaintiff was terminated because of his disability and his need for accommodation, including his need for leave.

As Defendant Engineer's agent, Defendant Sedgwick interprets the FMLA, approves and/or disapproves leave requests, monitors leave status, obtains medical certifications, communicates with the Engineer's employees, communicates with health care providers, and advises the Engineer regarding compliance and strategies.

66. Plaintiff completed the required FMLA application(s), and his psychiatrist completed the medical certification(s) required by Defendant Sedgwick.
67. Plaintiff's psychiatrist confirmed that Plaintiff was suffering with a serious health condition as that term is defined by the FMLA and was continuously and completely incapacitated from performing the functions of his position from August 10, 2020, until October 30, 2020.
68. On or about September 23, 2020, Defendant Sedgwick's Representative Drew Cox telephoned Plaintiff and advised him that he was recording the conversation.
69. The purpose of Cox's call was to determine whether Plaintiff would be returning to work or needed to remain on leave.
70. During the phone call, Plaintiff responded to Cox's question by telling him about his extreme symptoms, his diagnoses and treatment, including the fact that he was currently undergoing counseling and taking new medications to help deal with his issues.

77. Thereafter, Sedgwick provided Defendant Engineer with the recording of the telephone call.
78. After the phone call, Plaintiff remained on leave for another month and continued receiving intensive treatment.

83. Plaintiff was terminated on January 4, 2021, for "engaging in gross misconduct; failure of good behavior; malfeasance, misfeasance, and violating Article 12 (Health and Safety) of the Collective Bargaining Agreement."
84. Plaintiff exercised his right to take family medical leave because he was unable to perform the functions of his position (including adhering to workplace policies) from August 10, 2020, until October 31, 2020.
85. The purpose of Defendant Sedgwick's telephone call to Plaintiff was to discuss his ongoing need for leave.
86. The phone call was a protected medical inquiry as that term is defined by 42 USC §12112(d).
87. By providing Defendant Engineer with the recorded conversation, Defendant Sedgwick interfered with Plaintiff's right to reinstatement under the FMLA.
88. Defendant Engineer terminated Plaintiff because of statements he made during that phone call.
89. By refusing to reinstate Plaintiff upon his release to return to work and by terminating him, Defendant Engineer interfered with Plaintiff's FMLA rights.
90. Plaintiff has been damaged by Defendants' interference with his FMLA rights and is entitled to damages therefore, including liquidated damages.
